

INSURANCE / BILLING INFORMATION

It is your responsibility to understand your insurance policy and your benefits however below we have included some information that may be useful to you.

Most commercial insurances will cover one well visit per policy member depending on your policy. Please understand that our practice includes some questionnaires that we consider part of your well visit but your insurance company does not consider these questionnaires part of a well visit therefore they are not always covered at 100% and you may incur some charges for a well visit due to this. Also, if there is ANYTHING discussed/treated other than wellness during the well visit you will incur an office visit which may result in a co pay depending on your policy.

Medi-Share policy holders will be required to pay for service in full at the time of service and will be reimbursed any monies due once Medi-share processes the claim.
